PROFILE

Recently graduated Cross-Platform Application Developer (DAM) and IT systems and networks technician, currently studying a specialization in AI and Big Data. Internship at ViewNext IBM (programming fundamentals and agile methodologies) and in an international team in Germany (Rewe Digital, Erasmus+). I program in Java, Kotlin and JavaScript and work with Git. Seeking a junior developer role to grow within a technical team.

SKILLS

- Programming: Java, Kotlin, JavaScript, HTML5
- Tools: Git, GitHub, VMware, VirtualBox
- Systems: Windows 10/11, Linux
- Methodologies: Scrum, Kanban
- AI and Big Data (in training)
- Technical support and incident resolution
- Hardware installation and repair
- Work in international environments

ADDITIONAL INFORMATION

- Spanish (native), English (B1)
- Driving licence (B)
- Available immediately
